

GAF Timberline Shingle Warranty – How To Submit To Insurance Company

GAF Timberline HDZ Shingles - Class A

The customer must warranty the shingles, see note on Install Roof Packet.

- We do still provide an Upfront 5-year. Cert. We are not GAF Certified

- GAF Timberline® HDZ™ has a Class 3 impact resistance rating.

They can file a claim using this link or view their warranty: <https://www.gaf.com/en-us/for-homeowners/warranties>

Neither the GAF Shingle & Accessory Limited Warranty nor the GAF Roofing System Limited Warranty requires registration. Hold on to your proof of purchase (such as your contract with your installer, or invoice from roofing supply store or retail store where you purchased the GAF Products), which will need to be provided to GAF in the unlikely event you experience a problem with your GAF Products during the warranty term and need to file a claim.

We are not GAF Certified:

Enhanced warranties (such as the System Plus Limited Warranty, Silver Pledge Limited Warranty, and Golden Pledge Limited Warranty) do require registration. Your GAF Certified Contractor will take care of that. If you purchase an enhanced warranty from a GAF Certified Contractor and do not receive a copy of your warranty and registration within 60 days after the installation is complete, contact GAF at 1-877-423-7663.

Steps to Maximize Potential Discounts

Consult Your Insurance Provider: Before making roofing decisions, contact your insurer to inquire about available discounts for impact-resistant or new roofs.

Select Qualifying Materials: Choose roofing materials, such as Class 4 impact-resistant shingles, that meet your insurer's criteria for discounts.

Obtain Necessary Documentation: After installation, ensure you receive documentation verifying the materials used and their ratings.

Submit Proof to Your Insurer: Provide the required documents to your insurance company to apply for the discount.
