LIFETIME limited warranty

Don't worry. We've got you covered with the Atlas Lifetime Limited Warranty*, ensuring your investment is protected for years to come.

130 MPH wind resistance

Let those winds howl. Because of our innovative HP42® shingle technology, your roof is shielded from wind gusts up to 130 mph.

HP42® technology

HP42® technology features a wide format for better curb appeal, plus our Sweet Spot™ nailing area and double FASTAC® sealant line ensure your shingles will stay put.

Scotchgard™ shingle protector

Your roof will stay beautiful because it features Scotchgard™ Protector by 3M, which resists black streaks and stains caused by algae.

CLASS 4 impact resistance

Class 4 is the highest impact-resistance rating for asphalt shingles, offering superior roof protection against hail and other extreme weather conditions.

3M SMOG reducing technology

Inspired by the power of trees, your roof can help combat air pollution with 3M Smog-reducing Granules.

To provide homeowners the most accurate representation of color options, several photo scans and house shots were utilized in various lighting conditions. Variations in lighting illustrate the color gradients on asphalt shingle roofs.

Color blends vary from shingle to shingle. Before installation, consult with your contractor and request to view the actual shingles being installed on your roof to ensure confidence in your final color selection.
